

# Get more from your tester

Maybe we can help you **WORK SMARTER** not harder.

The new Ring Continuity Adapter A 2214 from Metrel will speed up your measurement of  $r_1$ ,  $r_n$ ,  $r_2$  and  $R_1 + R_N$ ,  $R_1 + R_2$  by automating the process.

- Line, neutral and PE resistance all measured at a single press of a button
- Automatic calculation of  $(r_1+r_n)/4$  and  $(r_1+r_2)/4$  for easy results evaluation
- Connect once, no need to change leads until all continuity tests are complete
- Accuracy, with the easy-null capability for all test lead components
- Speeds up ring final circuit testing
